cessful conclusion Sunday, August 5th, with the playing of the semi-final and final rounds at the Center School courts in Mattapoissett.

The rains of the previous day didn't dampen any spirits, even though the players had to complete the semis and the finals in one day rather than two. Most of the players attended a Steak Fry, organized by Clay King, at Camp Massasoit, on Saturday evening, and that seemed to set the light-hearted tone for the following day.

Semi-final play began at 8:00 a.m. and was concluded around 12:30 p.m. The highlight matches of the morning were in the advanced men's division where Jon Ruel, playing his first of four matches of the day, and partner Chip Garnett defeated Tom Jackivicz and Mac Campbell, 8-5.

The intermediate mixed was most interesting as the Oliveiras, Larry and Charlotte, defeated John and Rosemary Losert, 8-6, in a match featuring several fine rallies. One finals match was played in the morning and that was in the beginner women division where Bev Dube and Charlene Cairns came from far behind to defeat Marlene and Peggy O'Neill 10-8, in a most interesting match.

The highlight match of the afternoon fin-

als was in the advanced mixed division where Duncan and Sue MacDonald played aggressively to nip Jon and Joan Ruel 9-7. Fine net play and excellent shot making by both teams held the interest of the many onlookers.

The advanced women title once again was won by the team of Pat Harrington, her fourth win, and partner Pat LeClair, her third, 8-1, over Diane and Martha Tichon.

The tournament was brought to a close with words of thanks expressed to the participants and tourney committee and the presentation of trophies by King Lion Arthur Hogan.

Depositors, start your goblets.

The first two goblets are FREE, the complete set is easy.

Take home a gift of authentic lead crystal, from Fairhaven Savings.

Here's how. Just deposit \$50 in a new or existing savings account, and two crystal water goblets are yours, free. Or you can choose any other pair in the set.

Imported from France, these goblets and tumblers are made of 24% lead crystal. Hold them to the sunlight and watch them sparkle. Experience the perfect bal-

ance of their design. Tap them with your finger, and hear the true ring of crystal.

Of course, you won't want to stop with just two goblets, so we make it easy to complete your collection. Each time you add \$25

Water, wine, cordial and parfait stemware \$6.25 a pair
High and low tumblers \$5.25 a pair

In just a few months, you can have an elegant glassware collection your family will cherish for years. As a special gift, you can even have a beautiful crystal berry and bowl set by depositing a minimum of \$5,000 in a savings certificate of one year or more.

SATURDAY PROGRAM - AUGUST 18th

A short time ago a program was offered at the Children's Museum that included creative movement for pre-schoolers. The program was offered by members of the New Bedford Pre-school Child Development Program and proved to be great entertainment, fun and exercise for all the children. On August 18th at 2:00 p.m. a Fun with Movement program will be offered for pre-schoolers by Deolinda Fonseca and Lillian Galigo from the same New Bedford program. Please don't miss the fun. The program will be at the Russells Mills Center and a small admission is charged non-members.

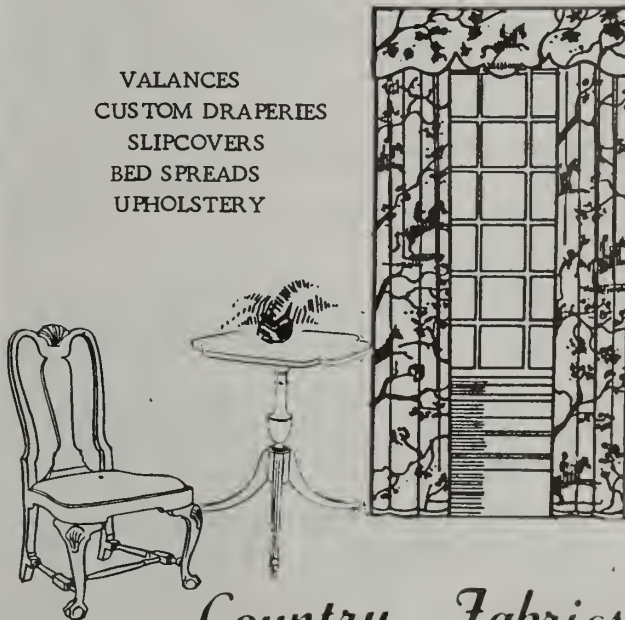

FIELD WALK-NIGHT HIKE - AUGUST 18th

The woods at night in mid-summer hold many fascinations for the quiet observer. The sights and sounds of the evening forest begin to come alive as the song of peepers, the night moth, the skunk, bats, owls, all begin their night's work at dusk. All the animals and insects that have adapted to the nocturnal environment have their own interesting lifestyles and habits.

Safam's music is a unique blend of traditional, chassidic, cantorial, and modern Israeli style mixed with a popular American sound. Two members of the group, Joel Sussman and Robbie Solomon, have written many original compositions that are featured at concerts and on their record albums.

Safam has performed in concert at many colleges and universities. They have played at synagogue and community functions, donor dinners, Bar and Bas Mitzvah functions and weddings, and have been featured performers on local and national television programs originating from Boston.

Safam's first album, "Dreams of Savam"/"Chalomot Safam" has met critical acclaim for its originality and blend of American and Jewish Israeli music. It was the number one selling album of Jewish music in Boston in 1977, and has been given radio play throughout New England, New York, and New Jersey.

Safam's second album, "Safam: Encore/" "Safam Od Pa-am" was released in October 1978 and has already been heralded as one

of the finest albums of Jewish music for the year. Its intricate vocal and instrumental

FALL WEBWORM TIME AGAIN

Now is the time to be alert for the Fall webworm that occurs throughout the United States and Southern Canada. In Massachusetts, the Fall webworm is a common pest in trees, with their appearance being manifested in large, ugly nests.

The Plymouth County Extension Service notes that within the past few years, this pest has built up dramatically and feeds on all types of hardwood trees. There are over 100 species of shade and forest

An Open Letter

TO THE CITIZENS OF MATTAPOISETT

The Tennis Tournament is over - the players return to their regular tasks - trophies have been awarded - and the observers are gone -

--- but the memory of an excellent tournament, well planned and executed, will linger and be discussed through the winter months while many of us will plan to join the 1980 tournament.

We all should be proud of the fact that the Lions Club gave so much time and effort under tough circumstances- and the players - who, at the semis and finals, played as many as three matches on that hot final day - giving their all.

So - here's to the Lions, the players, the crowds who cheered - from all of us for a job well done.

MATTAPOISETT - IT'S SPECIAL.

trees that may be affected; but shade trees are of most concern for most people.

In Massachusetts, the adult moth is pure white in color, has a wing-spread of $1\frac{1}{4}$ - $1\frac{1}{2}$ inches, and emerge from pupae in soil in June. Egg laying begins about June 25 and egg hatching starts around July 9. The eggs are light green in color, but are covered by white scales from the adult moth. Newly hatched larvae begin at once to spin a web over the foliage they feed upon. This is VERY important to note, as eventually they will devour the entire leaf except the veins and mid-rib. This nest grows rapidly to the size of a football or even larger, encompassing many leaves, twigs and sometimes coalescing with other nests. Heavily infested trees may be completely defoliated and have a most unsightly appearance. The caterpillars are a brownish color with long hair clothing the entire body. The caterpillars continue enlarging their nests and feeding until fall at which time the caterpillars return to the ground to pupate.

To avoid unsightly damage to your trees,

Dominic Marini, of the Plymouth County Extension Service, recommends the following steps be taken: First of all, killing the fall webworm while they are young is the best solution to the problem, as they will be easier to destroy and cannot spread themselves and their nests. Spray the web well with carbaryl (Sevin) or Methoxychlor. Mr. Marini emphasizes the need to soak the nests thoroughly for the pesticides to be effective in controlling these pests. Spraying should be especially directed to the upperside of the leaves since early hatching larvae feed only on the tops surface. Remember, the sooner

er bouquets, to mention a few items. There will be good food, too - johnny cakes and sausages, roast corn, country cheese, and all kinds of home-baked goodies. The children will find a program of games with prizes just for them. A pet show at 2:30 will be the highlight.

A unique feature at this year's fair is the raffle to benefit the Bell School Restoration fund. The first prize is a Weekend for Two at the famous old Wayside Inn in Sudbury, Mass. Raffle tickets can be purchased from any member of the historical society or at Silas Brown, Central Village. So, don't wait until the 25th to get your raffle tickets. The names of the winners will be drawn on Fair Day at 2:45 P.M.

All proceeds from the Fair and the sale of raffle tickets are for the benefit of the Bell School Restoration Fund. The school is the Westport Historical Society's future headquarters and a museum where a record of Westport's history will be preserved. Work on re-building the roof structure and shingling is going along now, but much more work - especially on the interior - has yet to be done. Funding these costs is a continuous need.

Norma Wilbur and Frances Kirkaldy, co-

chairmen of the Bell School Fair, extend a warm welcome to all to join the historical society members on Fair Day, August the 25th, in the fun and fellowship of an old fashioned country fair!!
